COMPETITION 1/8 SCALE 4WD NITRO TRUGGY

HB RACING
WORLD CHAMPIONS

Thank you

Thank you for selecting this HB Racing product! This kit is designed to be fun to drive and uses top quality parts for durability and performance. The instruction manual you are reading was designed to be easy to follow yet thorough in its explanations. HB Racing wants you to enjoy driving your new HB Racing product. If you come across any problems or need some help getting through a step, give us a call and we will do our very best to help you. You can also contact us on the internet at www.hbracing.com

- This is a high performance R/C kit, and it requires regular maintenance for best performance. If you don't do regular maintenance the performance will suffer. HB Racing has all the necessary parts and accessories available to keep your car performing at its best.

The caution or attention symbols will warn you about steps that can be very dangerous. Please read and understand the instructions carefully before proceeding.

Caution

Failure to follow these instructions can damage your kit, and cause serious bodily injury or death.

Attention

Failure to follow these instructions can cause injury to yourself or others. You might also cause property damage or damage to your kit.

Caution

If you make changes or adjustments not shown in the instruction manual, your vehicle may be damaged. To prevent any serious personal injury and/or damage to property, please be responsible when operating all remote controlled models. Extra attention is called for when operating any glow fuel powered model. These models can exceed speeds of 30 m.p.h. and use highly poisonous and flammable fuels.

Before Running

While Operating

- Please read manual (with parent, guardian or a responsible adult if necessary).

- Please do not run on a public street, this could cause serious accidents, personal injuries and/or property damage.
- Please do not run near pedestrians or small children.
- Please do not run in small or confined areas.

Before Operating

- Make sure that all screws and nuts are properly tightened.
- Always use fresh batteries for your transmitter and receiver to avoid losing control of the model.
- Make sure no one else is using the same radio frequency as you are using.
- Please confirm the neutral throttle position.

After Running

- Shut off engine first, then turn off receiver switch and turn off transmitter last.
- After running, it is necessary to perform routine maintenance.

Failure to do this can result in increased wear and damage to the engine and chassis.

Heat, Fire, and Fuel Safety

- Never use gasoline in a glow engine. Use glow fuel specifically designed for model car engines.
- Do not run near open flames or smoke while running your model or while handling fuel.
- Always store fuel in a well ventilated place, away from heating devices, open flames, direct sunlight, or batteries. Keep glow fuel away from children.
- Glow fuel is flammable and poisonous. Glow fuel powered model engines emit poisonous vapors and gasses. These vapors irritate eyes and can be highly dangerous to your health.
- Be aware that some parts will be hot after operation. Do not touch the exhaust or the engine until they have cooled.

Danke

Vielen Dank, dass Sie sich für HB Racing entschieden haben! Dieses Auto soll Spaß machen und verwendet nur hochwertige Materialien für beste Leistungen und Haltbarkeit. Die Anleitung, die Sie gerade lesen, ist einfach zu verstehen und dabei sehr ausführlich. HB Racing will, dass Sie Erfolg und Spaß mit Ihrem neuen Modell haben! Falls es dennoch einmal zu Problemen kommen sollte, melden Sie sich bei uns. Wir werden alles in unserer Macht stehende tun, um zu helfen. Sie können uns auch gerne unter www.hbracing.com kontaktieren.

- Dies ist ein hochleistungs RC-Auto und benötigt regelmäßige Wartung. Wenn Sie diese Wartungsarbeiten nicht durchführen wird die Leistung des Autos darunter leiden. Alle zur Wartung benötigten Teile sind bei HB Racing erhältlich.

Die Warnsymbole weisen Sie auf gefährliche Bauabschnitte hin.
Bitte lesen und verstehen Sie die Anweisungen bevor Sie sie durchführen.

Warnhinweise

Wenn Sie diesen Anweisungen nicht folgen, können Sie oder Ihr Auto Schäden davontragen.

Achtung

Wenn Sie diesen Anweisungen nicht folgen, können Sie oder andere verletzt werden. Es kann auch sein, dass dabei Sachschaden an anderen Dingen oder Ihrem Auto entsteht.

Warnhinweise

Wenn Sie Änderungen oder Einstellungen an Ihrem Fahrzeug vornehmen, die nicht in der Anleitung beschrieben sind, kann es beschädigt werden. Um Sachschaden und Verletzungen zu vermeiden, bitten wir Sie beim Fahren mit ferngesteuerten Modellen vorsichtig vorzugehen. Besondere Vorsicht ist bei Modellen mit Verbrennungsmotor geboten. Diese Modelle können deutlich schneller als 50km/h werden und verwenden leicht entzündliche Kraftstoffe.

Vor dem Fahren

- Bitte lesen Sie die Anleitung (mit einem Erwachsenen)

Während dem Fahren

- Fahren Sie bitte nicht auf öffentlichen Straßen. Dies kann zu schweren Unfällen mit Personen- und/oder Sachschaden führen.
- Fahren Sie bitte nicht in der Nähe von Fußgängern und Kindern.
- Fahren Sie bitte nicht auf zu kleinen oder begrenzten Plätzen.

Vor dem Fahren

- Vergewissern Sie sich, dass alle Schrauben und Muttern korrekt sitzen.
- Verwenden Sie immer frische Batterien im Sender und Empfänger um nicht die Kontrolle über das Auto zu verlieren.
- Achten Sie darauf, dass niemand anderes mit dem selben Quarz fährt.
- Überprüfen Sie, dass die Servos auf Neutralposition stehen.

Nach dem Fahren

- Schalten Sie den Motor aus, danach den Empfänger und als letztes den Sender.
- Nach dem Fahren ist regelmäßige Wartung nötig. Dies nicht zu tun, kann den Verschleiß erhöhen oder den Motor beschädigen.

Feuer und Sicherheitshinweise zum Kraftstoff

- Verwenden Sie niemals Benzin in einem Modellmotor. Verwenden Sie speziellen Kraftstoff für Modellmotoren.
- Fahren Sie nicht in der Nähe von Feuer und rauchen Sie nicht, wenn Sie Ihr Modell betreiben oder mit Kraftstoff hantieren.
- Bewahren Sie den Kraftstoff nur in gut belüfteten Räumen auf. Weit entfernt von Heizkörpern, Feuer, Sonnenlicht oder Batterien. Halten Sie den Kraftstoff von Kindern fern.
- Der Kraftstoff ist brennbar und giftig. Die Abgase von Modellmotoren sind sehr giftig. Diese Abgase können blind machen und Ihre Gesundheit schädigen.
- Denken Sie daran, dass einige Teile sehr heiß werden können. Berühren Sie nicht den Auspuff oder den Motor, bevor diese abgekühlt sind.

Merci

Merci d'avoir choisi ce produit HB Racing! Ce kit a été conçu pour être amusant à conduire, et utilise des pièces de la plus haute qualité pour la longévité et les performances. Le manuel d'utilisation qui est entre vos mains a été conçu pour vous fournir des explications faciles à suivre mais complètes. HB Racing espère que vous aurez plaisir à piloter votre nouveau kit radio-commandé. Si vous rencontrez des problèmes ou si vous avez besoin d'aide pour une étape, appelez-nous et nous ferons de notre mieux pour vous aider. Vous pouvez aussi nous contacter par Internet sur www.hbracing.com.

- Ceci est un kit radio-commandé de hautes performances, et requiert un entretien régulier pour donner le meilleur de lui-même. Si vous n'effectuez pas un entretien régulier, les performances en souffriront. HB Racing a toutes les pièces et les accessoires nécessaires pour maintenir les performances de votre véhicule à leur meilleur niveau.

Les symboles attirant votre attention vous avertiront des étapes qui peuvent être très dangereuses. Veuillez lire soigneusement les instructions et bien les comprendre avant toute utilisation.

Précautions

En ne suivant pas ces instructions vous pourriez endommager votre kit, et provoquer de sérieux dégâts corporels ou même mortels.

Attention

En ne suivant pas ces instructions vous pourriez vous blesser vous-même ou blesser d'autres personnes. Vous pourriez également provoquer des dégâts matériels ou endommager votre kit.

Précautions

Si vous apportez des modifications ou faites des réglages qui ne sont pas indiqués dans le manuel d'instruction, votre véhicule pourrait être endommagé. Pour éviter toute blessure corporelle et/ou dommage aux biens, veuillez agir d'une façon responsable lorsque vous faites fonctionner des modèles réduits télécommandés. Une attention particulière est nécessaire lorsque vous utilisez un modèle thermique. Ceux-ci peuvent atteindre des vitesses de 50 km/h et utilisent des carburants hautement toxiques et inflammables.

Avant de faire courir le véhicule

- Veuillez lire le manuel avec un parent ou un adulte responsable.

Lors du fonctionnement

- Ne faites pas fonctionner sur une voie publique, cela pourrait provoquer des accidents graves, des blessures corporelles et/ou des dommages aux biens.
- Ne faites pas fonctionner à proximité de piétons ou d'enfants en bas âge.
- Ne faites pas fonctionner dans des lieux petits ou fermés.

Avant de mettre en marche

- Veuillez vérifier que toutes les vis et tous les boulons sont correctement serrés.
- Utilisez toujours des batteries nouvellement chargées pour l'émetteur et le récepteur afin d'éviter de perdre le contrôle du véhicule.
- Vérifiez que personne d'autre n'utilise la même fréquence radio que vous.
- Veuillez vérifier la position neutre de l'accélérateur.

Après l'arrêt

- Éteignez d'abord le moteur, puis le récepteur, et éteignez l'émetteur en dernier.
- Après avoir roulé, il est nécessaire d'effectuer un entretien de routine. Ne pas le faire résulterait en une usure plus importante et des dommages au moteur et au châssis.

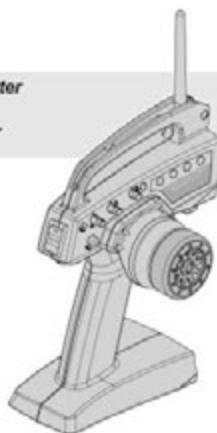

Sécurité du carburant contre l'incendie

- N'utilisez jamais d'essence dans un moteur thermique. Utilisez du carburant spécialement conçu pour les moteurs de modèles réduits.
- Ne faites pas fonctionner près de flammes nues et ne fumez pas pendant que vous faites courir votre modèle réduit ou que vous manipulez du carburant.
- Conservez toujours le carburant dans un endroit bien ventilé, loin des appareils de chauffage, des flammes nues, de la lumière du soleil directe ou de batteries. Conservez le carburant hors de la portée des enfants.
- Le carburant pour modèles réduits est inflammable et poison. Les modèles réduits thermiques émettent des vapeurs et gaz toxiques. Ces vapeurs irritent les yeux et peuvent être très dangereuses pour votre santé.
- N'oubliez pas que certaines pièces seront chaudes après avoir fonctionné. Ne touchez pas l'échappement ou le moteur avant qu'ils n'aient refroidi.

Depending on the engine you use, you may have to adjust the number of washers to make sure the clutch bell turns smoothly.

Abhängig vom Motor kann es sein, dass Sie unterschiedlich viele Scheiben verwenden müssen, damit sich die Kupplungsglocke sauber drehen lässt.

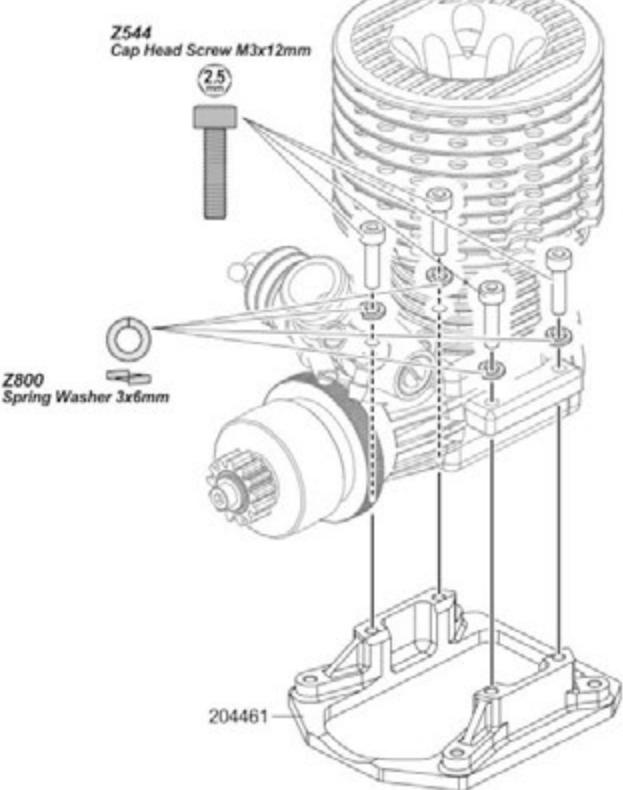

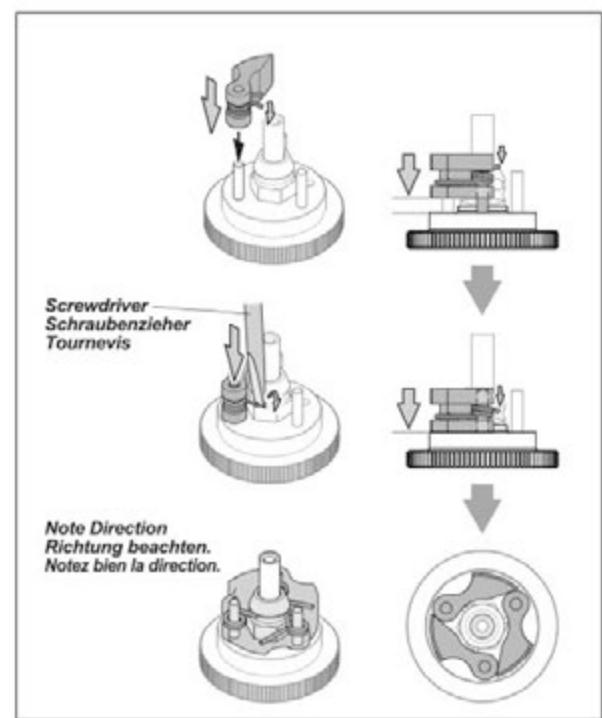

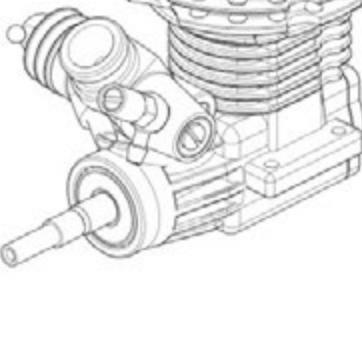

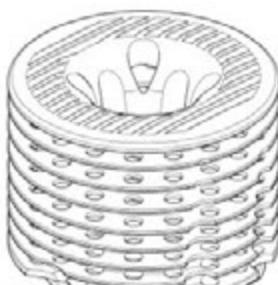

En fonction du moteur que vous utilisez, vous pouvez devoir modifier le nombre de rondelles d'espacement pour garantir que la cloche d'embrayage tourne en douceur.

Engine is not included in this kit and must be purchased separately.

Der Motor ist nicht im Baukasten enthalten und muss separat gekauft werden.

Le moteur n'est pas inclus dans ce kit et doit être acheté séparément.
